FOR IMMEDIATE RELEASE

San Pedro Creek Bridge Project (Pacifica) Off-Site Construction Update

San Mateo County- The California Department of Transportation (Caltrans) will begin constructing three (3) water detention bio-swales in the City of Pacifica at various locations. The first location will be at eastbound San Pedro Terrace Road just west of Peralta Road. The next location will be on westbound Linda Mar Boulevard across from the City of Pacifica Fire Station. The last location will be in front of the Adobe Sanchez Arts Center on eastbound Linda Mar Boulevard.

This work will begin Friday, June 17, and be completed by early August 2016.

San Pedro Terrace Road and Linda Mar Boulevard will have various shoulder closures from 7:00 AM to 3:00 PM.

Note: This work will include earthwork, minor paving, sidewalk re-construction, and re-vegetation work at San Pedro Terrace Road and Linda Mar Boulevard.

This is off-site work. The new San Pedro Creek Bridge was opened August, 2015.

This work is part of the San Pedro Creek Bridge Replacement Project that started construction in May 2014. The project will install a longer and higher bridge over the creek to provide capacity for the 100-year flood event. In addition, a Class 1 multi-purpose path will be added along its eastern side.

CONSTRUCTION UPDATE

NOTE: Residents may notice increased noise from grinding/paving equipment and mandatory backup alarms while the contractor is working in the construction zone.

For the latest road conditions, try Caltrans Quick Map: <http://quickmap.dot.ca.gov>
Or follow Caltrans on Twitter at: <https://twitter.com/CaltransD4>

You can go to the project website to be added to the group e-mail list or get more information on the project at: <http://www.dot.ca.gov/dist4/projects/creek/>

Caltrans appreciates your patience as we work to improve California's highways.
